Tourists	552,308
Accommodation occupancy	68.1%

Key Facts

- Marina of Zakynthos is adjusted to the main harbor of Zakynthos. It was site-planned according article 30 of L2160/93 (Gaz. 118/A/1993).
- The land area of the marina is within the commercial port of Zakynthos.
- The marina is very close to the airport.
- The specific project was partially constructed in early 2000 by the Greek National Tourism Organization’s technical service. Since then, the marina has not been operated.
- Currently, no buildings exist within the land area of the marina. Future uses may indicatively include: restaurants, taverns, boat stores, other shops, entertainment centers, sale of boats, buildings for repair and maintenance of boats and similar stores.
