

Request For Proposals to act as Technical, Traffic and Environmental Advisor for the Attica Motorway Project: Clarification

We hereby clarify that the Technical, Traffic & Environmental Advisor scope is limited to assessing high-level proposed extensions and provide related advice and guidance in the context of the Transaction. For this purpose, the Technical, Traffic & Environmental Advisor will be based on technical and other data to be furnished by the HRADF (or through another HR constituency). The Technical, Traffic & Environmental Advisor will not be required to carry out the technical design/studies of such extensions neither to carry out engineering audits of any existing studies.
