V Template: Is there a specific template that should be used for the project team members' CVs, or may we submit our own standard CV format?

Classic cv format, a whole CV is needed not a short paragraph.

Payment Terms: Could you please clarify the payment terms? Specifically, does the 60-day payment period commence from the date of the media invoice, or from the delivery/acceptance of the project deliverables?

From the date of the media invoices, the media will invoice the bidder.

Letter of Guarantee: Should the letter of guarantee be included within the submission email, or should it be submitted separately?

As per par. IV. only the selected advisor will be asked to issue a letter of guarantee for the good execution of the contract, which will amount to 5 % of the agreed fee.

File Submission Format: May the submission files be provided as password-protected ZIP files, or would it be acceptable to share them via a secure web link?

In all cases the provisions of the RfP must be complied with.

Interested Parties should submit their Proposals with the indication "HGF_Campaign", exclusively via electronic mail (email) to the electronic mail address: info@growthfund.gr. More specifically, in the e-mail for the submission of the Proposal of each Interested Party, at least two, distinct and locked files must be attached. Mandatorily, the financial offer (Dossier D) shall be attached in the email of each Proposal separately and will be protected with a different password at the penalty of exclusion.
